

COUNTRY WESTERN PARTIES | WEDDINGS | PRIVATE EVENTS

Let us entertain your guest at your next party, wedding or private event with country dancing entertainment and dance instructions! Are you having a country western event and want your guests having a great time dancing? Let us get the party started with a Country Swing Dance Performance followed up with group instructions to get everyone dancing. Want to make your special day extra fun and memorable for you and your guests? We can get your wedding guests dancing and having a great time while you are off taking pictures after the ceremony. We recommend having one dance instructor per 25 people that will be dancing at your party. This will insure your party has enough dance instructors to really get your guests dancing. Contact us with the details of your event and we can recommend the style(s) of dancing as well as how many instructors for your event. For large events we recommend country line dance instructions and for smaller events country two-step and country swing lessons are best. Throughout the lessons we mingle with the audience and help get the rest of the crowd dancing.
